GENERAL COVER LETTER

Dear Hiring Manager,

I am applying for opportunities in international recruitment, talent acquisition, candidate sourcing, recruitment coordination and workforce mobility. Based in Poland, I support end-to-end recruitment processes for industrial, manufacturing, transport, logistics and warehouse positions, with a particular focus on international candidates.

My work covers workforce requirement clarification, vacancy preparation, multilingual job advertising, direct and social sourcing, candidate screening, initial interviews, job matching and document verification. I also support candidate communication connected with Polish work permits, visas, legalization, relocation, arrival preparation, onboarding and post-placement follow-up.

A distinctive part of my profile is the combination of practical recruitment and digital candidate engagement. I use AI-assisted workflows to create and adapt job posts, candidate messages, short-form recruitment video concepts, scripts, visuals, voiceovers and subtitles. I support outreach through LinkedIn, Facebook, Instagram, TikTok, YouTube, WhatsApp, recruitment groups and professional networks, while applying knowledge from Google Ads, Analytics, email marketing, inbound marketing and social media certification programs.

I communicate with candidates in English, Sinhala and Tamil, and I am actively developing my Polish through Polish Language and Literature Training at Uniwersytet w Siedlcach. I value fair candidate assessment, confidentiality, accurate documentation, clear communication and respectful support throughout the recruitment process.

My continuous professional development includes 19 verified credentials in recruitment and selection, leadership, human resources, digital marketing, analytics, cybersecurity, management information systems and communication. I would welcome the opportunity to contribute my international sourcing experience, candidate-focused approach, digital recruitment capabilities and strong learning mindset to your organization.

Kind regards,

Priyantha Harispaththuwa Tennege

International Recruitment & Talent Acquisition Specialist
